

The image shows an outdoor gym area with several pieces of exercise equipment on a paved surface. The equipment consists of dark-colored frames with handrails and foot pedals. In the background, there is a large building, a fence, and rolling hills under a cloudy sky. The bottom right corner of the image is covered by an orange gradient overlay.

GYMS LIMITED

At Be Active Gyms we are passionate about our Outdoor Gym Equipment and the service we provide. From initial contact right through to completion we are with you every step of the way. Our friendly team of professionals will guide you through the process using their wealth of knowledge and experience. Helping you to create an outdoor gym that is perfect for your requirements.

Safety is of paramount importance; therefore, all our equipment is fully designed in the UK by ex-military aerospace engineers and fully qualified RPII Inspectors and is designed to exceed the standards of BS EN 16630. The equipment also has full TUV certification (Trademark of Trust, Quality and Safety).

The equipment is fully galvanised, powder coated and comes with a 25-year structural Guarantee, 5-year paint Guarantee and a 2-year moving parts Guarantee (subject to terms and conditions which are available on request).

To ensure proper use of our equipment, we provide labelling for the use of and weight loads for every piece of equipment. Furthermore, we prevent crushing, catching, or squeezing with our safety stop system, reducing mishaps in the community. We do not use subcontractors, all installations are carried out correctly by our team of professionals, giving peace of mind for both parties. On completion we supply each customer with a full maintenance brochure.

Our equipment is fantastic value for money, of the highest quality, fun to use, great for mental health and wellbeing and enabling everyone, no matter what their fitness level the opportunity to get fit and active whilst enjoying the great outdoors.

Why not call one of our friendly team today and start your journey to creating a fantastic outdoor gym.

Prices based on installation into existing grass. Artificial grass, tarmac and wet pour repairs are priced accordingly.

Bundle prices include discounts – if you prefer to create your own bundle, no problem, just give us a call, we will be happy to discuss this with you.

The background of the entire page is a photograph of an outdoor gym area. It features several pieces of green and black exercise equipment, including treadmills and other fitness machines, set on a grey gravel surface. In the background, there are green trees and a fence. The overall scene is bright and sunny.

“We're all really happy with our new gym equipment, pupils are really benefitting from using them at playtimes both in terms of increasing physical activity and social skills, they have enjoyed them from the start, we've used them as part of PE lessons and also as a strategy for reward time.

Be active gyms were easy to work with and installation was quick and simple.”
